

WOOD OIL

Color No Test
Adulterations
Exporters Suffer

ARBITRATION proceedings of considerable interest were recently held at San Francisco before the foreign commerce association of the Pacific Coast on the question of the use of the term "pale" in connection with Hankow wood oil. The proceedings were held at the request of a buyer of a lot of wood oil, described in the contract as "pure pale Hankow wood oil," his contention being that the oil delivered was dark in color and not as called for in the contract. The decision of the arbitrators was that the term "pale," as used in connection with wood oil, did not have any specific significance and had been handed down as a survival of the early trading in wood oil when it was used to differentiate the light colored, cold pressed oil usually exported, and the dark or black colored, hot pressed oil, used only for domestic consumption in China. The chemists' certificate on the particular lot of oil under discussion showed that the oil was pale after polymerization, and as this was really a better gauge of the ultimate color in varnish making than the appearance of the raw oil taken from the barrels, the case was decided against the buyer.

There is no doubt that Chinese wood oil, like all other oils, varies within certain limits, both in respect of its chemical and physical properties. As a matter of fact, botanical and geographical origin, climatic variations, differences in treatment during the manufacture of the oil and the duration and conditions of storage unquestionably affect its properties. This variability of source and nature is much greater with Chinese wood oil than with any other common oil.

ADULTERATION TESTS
More analyses and tests have been made on Chinese wood oil than any other drying oil except linseed oil. The valuation of Chinese wood oil as a commercial product is based largely on its suitability for paint and varnish manufacture and not on its botanical purity, although the source of nearly all of it is the tung-yu or tung-shu tree. Adulteration with cheaper or dissimilar oils, however, has to be carefully looked for by buyers and condemned.

Although the specific gravity of Chinese wood oil is generally higher than that of most of the common fixed oils, it has not been possible to confirm adulteration by a low specific gravity, since values as low as 0.933 have been published. Small amounts of Chinese wood oil in certain other oils may be detected by shaking with cold concentrated nitric acid, but this test is of no value when the case is reversed and the detection of adulteration in the Chinese wood oil is desired. Chinese wood oil is frequently adulterated with oil from the seeds of glycine hispida and soya bean oil, which seriously affect its drying properties.

Inasmuch as it seems impossible to obtain an authentic sample of pure China wood oil, no specifications can be laid down as to what should constitute the correct chemical constants of the pure oil. For practical purposes, however, the rules of the New York Produce Exchange in vegetable oils and fats cover the field adequately. One of the largest users of wood oil in America buys the oil on the refractometer figure, which is considered very safe and is scarcely likely to cover adulterated oil.

SOUTH CHINA WOOD OIL
Exporters have experienced in the past more difficulty with South China wood oil than with the product of Hankow. The question of procuring reliable tests to determine the genuineness of South China wood oil has engaged the constant attention of the Hongkong General Chamber of Commerce. As is well known exporters in Hongkong in the past have suffered considerable loss by reason of claims from destination on account of alleged adulterations, these claims sometimes amounting to ten percent and more, although shipment had been made from Hongkong in the belief that the oil was of good quality and fully up to standard. The pressing of the oil seeds takes place far away in the interior and out of the range of European supervision representative of firms doing the business in Hongkong or the Treaty Ports of China. Wood oil also varies with the district of production. Hankow oil and the Japanese product being generally accepted as quite different from so-called Canton wood oil.

The market for wood oil has been very quiet lately, but prices are steady owing to small arrivals. The superior grade of Hankow wood oil is quoted at Ts. 23.20 per picul, and the medium at Ts. 19.60 per picul. These are slight-

ALLIES WILL CONDUCT NEW INQUIRIES ON REPARATIONS

Agreement Is Reached By Britain, Italy And France

WORK IS RESUMED

Industrial Leaders In Ruhr Begin To Negotiate

(Reuter's Service)

London, Oct. 16.—The latest important move in the reparations impasse is that Britain, France and Italy have agreed that the Reparations Commission shall examine the problem of Germany's capacity to pay on the basis of the proposals which Belgium submitted in June with a view to reconciling the French and British standpoints. The proposals estimated that some 3,000,000,000 gold marks might be obtained annually from exploitation of the railways, the tobacco, liquor, sugar and other monopolies, from deliveries in kind and from a share in German industrial profits.

The announcement gains increased significance in view of a message from Reuter's correspondent at Brussels giving an authoritative statement that German industrial leaders in the Ruhr are coming forward in increasing numbers to negotiate for the resumption of work and deliveries in kind. The workmen have resumed in a large number of districts and the railwaymen are expected to resume on Monday. The statement added that provisioning is assured throughout the occupied territory.

Hughes, speaking at a Columbus Day conference of the Pan-American International Women's Committee today, said that relations between the United States and her sister republics to the south had never carried a better promise of good will than at the present time. WIFE OF BRITISH NAVAL HERO NOW SHANGHAI VISITOR

Viscountess Jellicoe And Daughter Popular Passengers On President Jackson

Viscountess Jellicoe, wife of Admiral Viscount John Rushworth Jellicoe who commanded the Grand fleet at the battle of Jutland, was one of the moving spirits in an unusually happy voyage of the President Jackson which arrived in Shanghai yesterday afternoon. The Viscountess who is accompanied by her daughter, Lucy, insisted on taking an active part in the deck sports, each of them winning several events despite strenuous and, in now, deferential competition from Chinese and Caucasian fellow passengers.

During the short voyage from Manila, the titled passengers by their quiet and enthusiastic participation in all the diversions, salon card games or evening dances, became most popular on the ship and their departure here was received with genuine regret by the others who are continuing to Seattle.

The Viscountess not only acted as one of the judges in yesterday's deck competitions, but participated in many of the events and later awarded the prizes. Amidst considerable hilarity. When Major E. B. Dennis, U.S.A., official announcer, voiced the appreciation of contestants and audience for her efforts, the deck broke into applause, the viscountess bowed in surprise and hastily catching up one of the playing children disappeared into the stateroom to the great amusement of her newly formed friends. The Jellicoes continue from Shanghai to Peking.

Major A. E. Wearne, the well-known Peking correspondent of Reuters, with Mrs. Wearne and their three children, returned on the Jackson after an eight weeks' tour.

Mr. And Mrs. H. G. Simms Leaving For Home Today

Shanghai today regretfully bids goodbye to Mr. H. G. Simms, Chairman of the Municipal Council and Mrs. Simms, who are leaving for home by the steamer Karmala. A special launch will take Mr. and Mrs. Simms to the ship, leaving the Customs Jetty at 11.30 a.m.

Mr. Simms during the past few days has been the guest of honor at numerous dinners where the general regret for his departure was feelingly expressed. His excellent work as chairman of the Council has brought him prominently to the fore during the past years, but aside from that he has been active in the foreign community for many years, making a host of friends here during his long service as general

manager and secretary of the North China Insurance Co., Ltd. and as an officer in the local Irish and other organizations.

Mrs. Simms as well has been active in social and charitable undertakings in Shanghai, serving for the past six months as chairman of the British Women's Association and engaging in many of the different branches of endeavor of that and other organizations. She too has been the guest at numerous receptions and farewell parties held by the British women's societies here within the past few weeks.

CHINA MAIL S.S. CO. GOES INTO BANKRUPTCY
Has Assets Of \$1,748,761.23 And Liabilities Of \$174,608.77

The China Mail Steamship Company filed a schedule for voluntary bankruptcy under the Federal laws in San Francisco on October 5, according to word received in Shanghai yesterday.

The schedule filed shows the liabilities of the company to be \$174,608.77 and assets of \$1,748,761.23. The steamer Nanking is valued at \$155,000 and the steamer China at \$165,000. The company's stock is valued at \$1,715,000.

Among the liabilities are fines for Chinese members of the crew of the company's ships who escaped from the ship into the United States in violation of the Immigration laws, and "disputed liabilities" of \$281,000 due to the United States Government as fines for members of the crew of the company's ships smuggling opium into the United States.

The bankruptcy proceedings come as the climax to a long series of financial difficulties for the China Mail. The dropping off in traffic and the presence of new Shipping Board vessels on the Pacific made a tremendous dent in the company's revenues and severe economies were undertaken. The Shanghai offices were closed some time ago and the only offices maintained at the present time are in Hongkong, the company's home offices and the seat of most of the Chinese capital in the company.

Several unsuccessful attempts have been made to reorganize the company.

FASCISM 'Reds' See Battle Looming In America

(Exclusive China Press)

Moscow, Oct. 13.—Delegates speaking at a peasants' conference here in the name of the Farmer-Labor party in the United States, advocated today an organization in the United States to combat the Fascist tendencies there.

They declared that the situation in America is growing extremely difficult and quoted the chairman of the steel trust as approving the Fascist in Italy and advocating similar organizations in the United States. They asserted that the workers and farmers of the world must unite to combat the growing power of fascism.

Mutiny At Nanking Quickly Put Down

Telegrams appearing in the local Chinese press report the outbreak of a mutiny on Saturday among a section of the troops of Tsuchun Chi Shun-yuan stationed at Nanking. The outbreak was quickly suppressed when troops of the Tsuchun's bodyguard surrounded the mutineers and disarmed them. The city gates were closed for several hours.

Wild excitement prevailed in many sections of the city during the mutiny because of the work of rumor-mongers who spread many number of fanciful stories. Martial law has been proclaimed at Nanking, it is said.

Houses Are Destroyed When 2,000 Tons Of Munitions Explode

(Reuter's Service)

Warsaw, Oct. 13.—One of the forts of the Warsaw citadel, in which explosives were stored, exploded this morning, causing much damage to the city. The casualties are up to the present not known.

(Reuter's Service)

Warsaw, Oct. 14.—It is now stated that over 200 persons are dead and 500 seriously injured owing to the explosion in the citadel. Over 2,000 tons of explosives were destroyed.

The explosion is officially attributed to foul play, but there is a strong belief that careless fitting of fuses may have been the cause. Many houses in the neighborhood of the fortress were destroyed, and the military wireless station was extensively damaged. The explosion was heard 50 kilometres away.

Appeals for relief funds for the families of the victims are meeting with a generous response.

U.S. CONSIDERS CONSTRUCTION OF NEW CANAL

Capacity At Panama To Be Reached Soon, Relief

(BY UNITED PRESS)

Washington, Oct. 12.—The government plans to request Congress to study plans for the most suitable site for a new canal in Central America or for the enlargement of the Panama Canal, according to information obtained today.

This action will be based on estimates of the tonnage handled by the Panama Canal this year, which place the total at 25,000,000 tons, double that of last year. It is thus indicated that the capacity of the canal, 50,000,000 tons, will soon be outgrown. Originally, engineers believed that it would be impossible for the capacity of the canal to be reached before 1955.

It is generally believed that the construction of a new canal would be more feasible than the enlargement of the present one.

(Reuter's Pacific Service)

Peking, Oct. 15.—The Chinese Government, in its second reply to the Lincheng Note, agreed in principle to the inclusion of the supplementary indemnities, reserving till later discussion as to the nature of these damages and the reasonableness of the amounts.

The reply declares that, acting upon the report of the Ministry of War, the Government has issued a Presidential mandate relieving General Tien Chung-yu, who was the fourth official named by the Diplomatic Body in their Note, of the Tsuchunship of Shantung. The others have already been punished.

Since the receipt of the note from the Diplomatic Body, the Government has issued instructions to the provincial authorities to redouble their efforts towards bandit suppression.

With regard to policing and protection of the principal railways, the Government, without committing itself to any scheme or schemes to be submitted by the Diplomatic Body, fully appreciates the Diplomatic Body's interest in the problem and expresses its readiness to collaborate.

Peking, Oct. 15.—General Tiao Jui arrived in Peking yesterday. He is working assiduously for the nomination of Mr. Wu Cheng-lien as Premier but the opposition of the Chihli military leaders, headed by General Wu Pei-fu, has not been withdrawn so it is not expected that the nomination will be accepted. On the other hand, nominations not approved by Mr. Wu Cheng-lien will not likely be accepted by Parliament so a possible deadlock is foreseen.

The Chinese Ministers abroad have telegraphed their congratulations to President Tsao Kun. The Chihli delegates to Mukden are reported to have been well received but General Chang Tso-lin has not yet made a definite statement with regard to acceptance of the Vice-Presidency nor of his reinstatement as Inspector of the Three Eastern Provinces which the Chihli leaders offered him. The Chihli leaders express optimism as to the result of the interview with General Chang Tso-lin but are nevertheless increasing the troops at Shanhai-kuan and another brigade has been sent to Hsienfengku "for the suppression of local brigands."

(Reuter's Pacific Service)

Peking, Oct. 14.—It is reported in official circles that President Tsao Kun is planning the abolition of the Tsuchunate and dividing the country into several military districts in which certain Generals control military matters only, not interfering with civil affairs.

Chinese circles report that Mr. Yoshizawa, the Japanese Minister in Peking, will present his credentials to the President on Monday morning at 10 o'clock and that the Diplomatic Corps will be received by the President at eleven.

It is reported that the Cabinet yesterday discussed the Lincheng affair and decided to accept all the demands except the dismissal of Gen. Tien Chung-yu, regarding whom there is still uncertainty. A mandate relative to him has been drawn up but has not yet been published.

The President has given the Peking police and gendarmerie a

bonus of \$1 each for the extra work and for efficiency in connection with his inauguration.

President Tsoo Kun replied thanking the Diplomatic Body and assuring them that he would strive for the ends mentioned and for the development of friendly relations with the Powers.

Minister To U. S. Declares Lincheng Demands Violate Treaty

(*Reuter's Service*)
Providence, R. I., Sept. 10.—Declaring that compliance with the demands made by the great Powers following the capture by Chinese bandits of 13 American and 16 other foreigners by Shan-tung bandits in May would be inconsistent with the dignity of the Chinese Government, Mr. Alfred Sze, Chinese Minister to the United States, speaking before the 19th annual convention of the Chinese Students Alliance at Brown University today, proposed that China would reject the proposals made by the Powers. While pointing out that his statements were made in a personal sense only and that he had received no official advice from Peking as to the course that would be pursued by his Government, he asserted positively that China would not accept the conditions asked by the Powers.

"We cannot accept humiliating conditions," he said. "We cannot do anything that will compromise our position as a nation."
"The United States has always stood for justice and fair play for China," he declared. "If they join in these demands they will, however, violate three of the four resolutions of the Washington Treaty. The Chinese Government will not tolerate for a moment interference in Chinese affairs. I cannot, of course, say how the Chinese Government will act in regard to the demands of the Powers, having had no advice from Peking as to its plans. But speaking personally I can say that we cannot accept humiliating conditions. We cannot do anything that will compromise our position as a nation."

Ford All Wrong On His Muscle Shoals Statement, He Claims

(*Exclusive China Press*)
Washington, Oct. 14.—Secretary of War Weeks, replying to an attack made on him by Henry Ford concerning the sale of the Gorgas steam plant at Muscle Shoals, Alabama, said that Ford's statement was filled with reckless assertions.

Ford made his statement in which he placed Secretary Weeks under fire and questioned his motive in making the sale at Detroit last night.

Secretary Weeks said that Mr. Ford was not possessed of the full facts in the sale and that while he was not disposed to carry on the controversy in the newspapers he would, if necessary, place all the facts in the matter before the proper tribunal.

Ford's statement included the charge that political machinations, working through Secretary Weeks, had prevented his own purchase of the great project at Muscle Shoals.

DELEGATES FOR Y.W.C.A. MEETING GATHERING HERE

Delegates from the more remote provinces are beginning to arrive for the first national convention of the Young Women's Christian Association at Hangchow this week. The delegation from Changsha reached Shanghai yesterday, after a long journey through the disturbed sections of Hunan. The P. & O. steamer Kalpan will bring a part of the delegation from Canton and the Hongkong delegation. Others from Canton will arrive by the "Szechuen" later in the week.

Plans of the Foochow delegation have been somewhat altered by the preparatory work necessary for the Anniversary Jubilee to be held by the Methodist Episcopal church in Foochow in November, but there will probably be six in that party which is due to arrive early in the week. The Tsinanin delegation will number eight, and with them will travel the student delegate from Tientsin, who is elected to represent the students of Shanghai province.

Peking, Tientsin and Tsinanin delegations will arrive together on Wednesday morning. Mrs. Frances Taft Pyke, of Tientsin formerly a Y.W.C.A. secretary, will travel with these delegates from the north. She comes as a guest of the Convention.

Mrs. Katherine Willard Eddy, secretary of the Japan Y.W.C.A. for international friendship, arrived on Monday as the official representative of the National Board of the Y.W.C.A. of the United States. Mrs. Eddy was in Tokio at the time of the earthquake disaster but escaped without injury.

Dr. T. T. Lew, of the department of theology of Peking University, and editor of The Life published in Peking, will go down to Hangchow on Saturday and on Sunday evening will deliver an address before the Convention on Religious Education and the Women of the Chinese Church. Dr. Henry T. Hodgkin of the National Christian Council, will attend several sessions of the convention and on Friday morning will open the business sessions with devotional services.

Canton Politicians Urge Sun To Form Government At Hangchow Or Mukden

(Reuter's Pacific Service)
Canton, Oct. 16.—Another Northern Expedition will be undertaken by Canton against the Peking Government, according to a statement by Dr. Sun Yat-sen to local press representatives. The object of the expedition is the overthrow of President Tiao Kun, whom the Constitutionalists accuse of having won the presidential election by bribery. Dr. Sun believes that the expedition will be ready to move within a few weeks, and that it will receive the support of many northern provinces, including Chekiang, Hunan, Manchuria and others. There still remains the unfinished campaign against General Chen Ching-ming, but Dr. Sun is confident that his troops at Wanchow and at other points on the East River will complete their work within a fortnight.

Political and military leaders of Canton have formerly requested Dr. Sun Yat-sen and Marshal Tiao Kun to form a new Government. In the event of the departure of Dr. Sun Yat-sen for the North, it is reported that General Hsu Chung-chi, one of Dr. Sun's most loyal supporters, will be left in Canton to carry on the operations against General Chen Ching-ming, but much depends on how much financial and military support Marshal Tiao Kun can afford the latter to hold Kwangtung nominally for Peking.

Mr. Hu Han-min, former civil Governor of Kwangtung, has left for Hongkong on his way to Shanghai. He is believed to be acting as an advance guard for Dr. Sun, who will later return to Shanghai to take part in the organization of the proposed new Government in the North.

Several Cantonese members of parliament, now in Peking and Shanghai have telegraphed to Canton denying that they have had any part in the "Illegal Election." Some Cantonese leaders have suggested the confiscation of the property of those Cantonese members of Parliament who supported Marshal Tiao Kun.

The Prince Regent, under the personal guidance of Mr. Wood, American Ambassador to Japan, made an inspection of each tent. The American relief unit of more than 300 nurses under the leadership of Major General McKay left here for home today. As it has been decided that the hospital in question is to be presented to the Japan Red Cross Society, the presentation ceremony of the hospital was observed this afternoon, and the Prince Regent once again honored the ceremony with his presence.

ly over the previous week's rates, and show a hardening tendency. Only light offerings are being made from here and Hankow to American consumers. Indications point to a continuation of small shipments from Hankow until late fall, when the movement of the new crop gets under way. There is said to be a possibility that the exports of wood oil from Hankow then may be disappointing unless the political situation in China improves sufficiently to permit free shipments from the interior. On the other hand, there seems to be no important demand for this product from America at the present moment.

WILL SENTENCE ARMED ROBBERS HERE TOMORROW

The two Chinese charged with the attempted murder of Sub-Inspector G. Hermitage and other police officers when a band of armed robbers was surprised at 1059 Avenue Edward VII on September 17 and two of the outlaws were killed, were before the Mixed Court yesterday, when the taking of evidence was finished. The men will be sentenced tomorrow.

Sub-Inspector Hermitage, who shot two of the robbers dead and wounded the third, told of the episode and further testimony was given by Sergeant Sullivan and Sergeant Ewa, who captured the two defendants.

Mr. Eardley Maitland appeared to prosecute for the police and Mr. L. K. Kentwell for the Chinese, whose dwelling was being robbed.

Russians In Court On Assault Charge

Two Russians, Nikolai N. Bashanov and Ilya Vasilevitch, 27 Dixwell Road, appeared before Assessor Whitmore and Magistrate, Lok at the Mixed Court yesterday charged with being drunk and disorderly and with causing wilful damage and assaulting a Russian girl named Luba at 21D Haining Road early Sunday morning.

It was stated that the first accused had been demanding money from the girl, who was working as a maid at the boarding house on Haining Road and that he and his companion came there and demanded that the boarding housekeeper produce the girl. The girl hid in a trunk but nearly suffocated and had to emerge, whereupon she was seized. She managed to break away and ran outside and shouted for help, her cries being answered by Detective Sergeant Schmidt, of Hongkew Station.

There was considerable contradictory testimony and the Court ordered the defendants to pay \$2 compensation to the boarding house keeper for damage done to the door and to sign a bond not to molest the girl in future.

New York, Oct. 14.—The Yankees won the fifth game of the World's Series today, the final score being 8 to 1. The series now stands three games won for the American and two for the National League champions.

(Exclusive China Press)

New York, Oct. 13.—The New York Yankees won the fourth game of the World's Series today, giving them a tie with the Giants each team having won two games. The attendance broke all records, with 62,430 paid admissions.

The big Yankee explosion today came in the second inning, in which stanza they scored six runs. John Scott and Ryan were driven to the showers in this inning. Jannard taking up the burden. McQuillan and Barnes were called in later in the hope of stemming the Yankee tide, but their efforts were futile.

Bob Shawkey pitched for the Yanks and was steady until the eighth when three successive singles were nicked off his delivery. This caused Miller Huggins to send in Herb Pennock to relieve him and this proved good strategy, as the slim left hander set the McGrawmen down in order. The Giants got but one run off Herb that one a home run clout over the right field wall.

The Giants pitchers passed Babe Ruth twice, both times intentionally.

The play by innings:

FIRST INNING

Yankees—Witt singled to left. Dugan popped to Snyder. Ruth fanned. Bancroft took R. Meusel's grounder and touched second, forcing Witt.

Giants—Bancroft flied to R. Meusel. Groh popped to Ward. Frisch singled. Young ditto. E. Meusel forced Young.

SECOND INNING

Yankees—Pipp singled over second. Ward singled to center. J. Scott bungled Schang's sacrifice bunt and the batter was safe at first, filling the bases. Pipp and Ward scored on E. Scott's single to left. Schang taking third. Scott was taken out of the box, Ryan replacing him. Schang scored on Shawkey's sacrifice fly to Stengel, but E. Scott held first. Witt doubled to left, E. Scott scoring. Groh took Dugan's grounder and touched Witt when the Yankee center-fielder slid into third. Ruth was intentionally walked. Dugan and Ruth both scored when R. Meusel rifled a three bagger down the left field foul line. McQuillan replaced Ryan. Pipp flied to Stengel in center.

Giants—Stengel walked. Kelly singled to right. Snyder fouled out to Schang. McQuillan went out, Pipp to Shawkey, who covered first. Stengel going to third and Kelly to second. Bancroft flied to R. Meusel.

THIRD INNING

Yankees—Ward walked. Schang sacrificed him to second. E. Scott singled to center. Ward taking third. Shawkey fouled to Snyder. Witt doubled to left for the second time, scoring Ward and Scott going to third. Dugan flied to Stengel.

Giants—Ward threw out Groh. Frisch singled to center. Young fouled out to Schang. E. Meusel fanned.

FOURTH INNING

Yankees—Ruth was again in.

The Dog Watch

By Westa

AST evening, when the old Dog Watch hopper was as devoid of grist for this morning's flapjacks as the numbers in this morning's I.S.S. "ad" are devoid of nourishment, who should come to bat but "Hewie" herself, in person, with a story about one of the best little Hob players that ever spilled the beans on Lucerne Road; Hob being, as everybody knows, a game in which the winner is the one who displays the most complete and asinine stupidity and awkwardness in the mortifying pastime of upsetting the bean pot—the only sport ever invented in which the worst player wins.

WELL, according to Hewie, the ladies of the American Woman's Club were being entertained at a luncheon at the home of Mrs. Gardner Crane, the party being in honor of Miss Jane Addams, who visited Shanghai some weeks ago.

Before the guests arrived Mrs. Crane had an earnest conference with her Number One boy at which she explained to him that the president of the club would sit at the head of the table, and that Miss Addams, "who 'blonged very fine homeside Missy," would sit at her right. The homeside Missy, she then explained, was to be served first. By way of making it all clear to the boy and to guard against the possibility of confusion or mistake she took him to the table and showed him the chairs in which the president and Miss Addams would sit, again emphasizing that it was Miss Addams who was to be served first.

"You savvy?" she asked the boy after she had thus diagramed and blue-printed and cross-sectioned the layout.

"Savvy!" replied the boy promptly and with complete assurance.

In due time the guests arrived and after the usual hour or two or three of walla wallas such as the dear girls love to indulge in on occasions of this kind Mrs. Crane led her guests to the dining room and seated them, bestowing at the same time a knowing and "don't you dare make a mess of this" look upon the boy.

And what did the boy do? All he did was to bounce in with a bowl of soup or a flock of sandwiches or whatever it is they serve first at affairs of this kind and plant it (or them) promptly and squarely in front of the president, the same being Mrs. Dr. Fearn. And no sooner was the first course finished than the boy came with the fish or fried chicken or whatever it is they serve next at a repast of this kind, and slump it, also, in front of Mrs. Dr. Fearn, at the same time casting a triumphant look at his employer, who, needless to say, was burning up.

"BOY," said the erstwhile hostess to the autocrat of the Crane menage after the guests were gone, "I have talkee you must serve homeside Missy first. How fashion you no do all same I talkee?"

At this the boy was not only crestfallen but flabbergasted—crestfallen to learn that he had erred, and flabbergasted to discover that his employer could be so far from a correct understanding of the real social status of Shanghai's Misses.

"No can serve homeside Missy first," he explained, at the same time trying to figure out, in his own mind, how his employer could be so lacking in a proper understanding of the situation, and then to clinch it he added:

POPULAR POLICE CHIEF INSPECTOR SOON GOING HOME

McGregor, who is retiring from the Department on the completion of 27 years' service today.

Chief Inspector and Mrs. McGregor are sailing for home on the 19th.

SOCONY MAN IS BANDIT VICTIM; REV. HICK SHOT

Brigands Hold German For
\$2,000 Ransom Near
Chungking

Word has been received in Hankow of the capture of Mr. J. Stamm, of the Standard Oil Company of Chungking, by bandits on September 20th. The outrage occurred at Changshatan, 75 li from Luchow, while Mr. Stamm was conveying several junks of oil from Luchow to Nanking. The bandits have demanded \$2,000 for the release of Mr. Stamm and the oil and threaten to kill the captive if the ransom is not forthcoming.

Mr. Stamm is a German subject of many years residence in China. A new note is struck in the present outrage in the bandits' threatening to kill him if the ransom is not paid. Mr. Stamm is not the only foreigner in the Standard Oil Company who has suffered in a short time from chaos in China. On the September 18th Mr. Charles Barnhardt, chief engineer of the S.S. Melton was shot through the leg when the vessel was fired on by soldiers a few miles west of Fowchow. This part of the upper Yangtze is very bad. Naturally with occurrences like these happening foreigners are asking if it is not time that the foreign Powers do something towards putting China's house in order.

News from Chungking received states that further casualties among foreigners have taken place there. Rev. W. A. Hick of the China Inland Mission has been wounded in the neck, while Dr. and Mrs. McCarthy, who were with him at the time had a narrow escape a bullet passing through the latter's hair. No details are given as to what fighting was taking place.

Londoner Takes Hopeful View On Future Of China

(Reuters Service)
London, Oct. 14.—In an article the Observer takes an optimistic view of the future of China in spite of the present chaos.

The journal believes that the people will ultimately overthrow their native oppressors and establish a stable government. It terms China as the most promising factor of Asia and expresses the opinion that Japan's encroachment in recuperation from the earthquake will prove beneficial to China.

Exchange Fluctuations

Asia Banking Corporation

October 15, 1923

Spot bar silver was up 1/4 d. and forward 3/4 d. in London on Saturday. The New York price declined to 63 1/2 cents and the London-New York cross rate to 453 1/2.

The only change in our official quotations here today was a drop in the Gold Dollar rate to 69. Our market in the early part of the day was easy with speculators buyers.

At one time business in Sterling was done as low as 3s. 0 1/2 d. for October delivery, 3s. 0 1/2 d. for November, and 3s. 0 1/2 d. for December. Gold Dollars were done at 69 1/2 for near and forward deliveries.

In the afternoon, however, the market steadied up, particularly for Gold Dollars of which there were sellers at 69 1/2 for near and forward deliveries.

There were sellers of Sterling at 3s. 0 1/2 d. October and 3s. 0 1/2 d. November-December. There were sellers of Yen at 70 1/2 for near delivery and 70 1/2 for forward. Banks were quoting 3s. 1 1/2 d., 71 1/2 and 1180 for Sterling, Gold Dollar and Franc bills respectively.

India bought silver in London on Saturday and the market is reported as closing steady. There was no business done in New York.

Armed Robbers
Get Over \$200

35 men, three of whom were armed, entered a cigarette shop in the Ching Ka Ong village, outside the Settlement of Kiao Chow Road on Sunday, and robbed the residents of clothing, jewelry and money worth over \$200. One man who was robbed of his gold watch caught the robber but gave it up again under threats. One shot was fired inside the shop and two outside, and the robbery was reported to the police by Mr. Trevor Smith of 35 Connaught Road, who heard the firing.

New York Cotton Market Advance Halts At 28 Cts

(Reuter's Service)

New York, Sept. 14.—The advance in the cotton market was checked this week at the 28 cent level, from which it rebounded almost a cent a pound. The question uppermost in the minds of traders at present is whether the demand, stimulated by a known crop shortage this season, will be great enough to overcome the prospective marketing of possibly close to nine million bales before November 1. It is generally believed among traders here that the South will be a ready seller of cotton around the 28-cent mark, but will tighten up on material declines below that level. The

demand for cotton goods has shown continued activity, but mills are reluctant to offer for distant delivery and refuse large orders at a shade under the market. Crop ideas still fluctuate around eleven million bales, or a little under, and it is the belief here that any reduction in buying from Japan as a result of larger mill destruction than anticipated, would probably be more than offset by an increased demand from Lancashire. Therefore while market opinion is inclined to be hesitant at the moment, and doubtful of sustained advances above 28 cents until the bulk of the crop has been digested, it is bullish for the long run, especially if France and Germany come to terms, as now seems probable. Crop news has cut but little figure during the week. It showed some improvement in the southwest and a little decline in the east and was therefore about a standoff. Sentiment is more concerned about the disposition of the new receipts which are already pressing heavily on the market resulting in increased hedging in the future markets. Much has been said about the prominence of the South co-operative associations, and large sums of money have been recently loaned to various organizations in different Southern states, but when the actual totals involved are considered, their importance is less impressive. In Texas, for instance, out of a crop estimate between three and a half and four million bales, it is figured that not over 250,000 bales will be handled by co-operative associations, while in the belt as a whole the amount may be a little over ten percent of the total production. Should they prove as successful this season as last,

however, it is reasonable to assume that the amount involved next year will be very much larger, as indeed this season's total was larger than last.

Reports from Texas have complained of a shortage of pickers to handle the crop, which is opening rapidly. The shortage is especially pronounced in North Texas, while West Texas counties are appealing to state and United States labor employment bureaus for help in getting pickers from other sections. It is claimed that Texas needs over 18,000 pickers between now and October 1 to handle the crop. One cotton man who was in New York recently said he thought there would be very little hedge selling from the eastern belt this fall as Southern mills and co-operative associations will get about all the cotton in that section as the crop there is so small.

A Galveston paper says early indications point to a record movement of cotton from Galveston to Japan this year, virtually all steamship companies reporting that they are booked full through December, but whether there will be any marked change later could not be forecast as all Japanese cotton men there were without definite advices regarding the extent of the disaster.

One of the local cotton houses, commenting on the last Government crop report, which indicated a yield of 10,800,000 bales, declares that in their opinion it means 30 cent cotton by the first of January. They look for the demand for early cotton to fill September and early October shipments to create a support more than ample to offset normal seasonal hedge pressure. Another house points out that for a healthy cotton market, it is necessary that at least a certain percentage of production should have found its way into consuming channels. Since August 1 there has appeared in sight only a little over a million bales, much of it being last year's growth. It will be several weeks, says this house, before the full weight of Southern marketings will be felt and the crop movement attain its maximum figures, adding that under these circumstances, it is not difficult to understand why many judicious interests are now holding off in anticipation of a readjustment following so sensational an advance in prices.

The Sunday Concert

The orchestra concerts on Sunday afternoon seem to have now won for good the appreciation of the Shanghai public for the Town Hall was again filled with an enthusiastic public which gave full credit to the performers.

In the well known numbers of the program the orchestra showed a great improvement. In the Tannhauser overture we have never heard the wind instruments better. With the exception of one small error at the beginning the whole brilliant piece was played with color and refinement. In the sweet music of Massenet and Puccini we heard a considerable improvement in cellos and violas and shall be glad when we hear the soloists of these instruments again.

Needless to say the overture, William Tell, formed a beautiful conclusion to the afternoon. Miss Nora Moon was the soloist of the concert. She possesses a light and clear soprano voice which she uses with great skill because she knows how to sing. Her rendering of the arias from Oberon and Faust were beyond praise. M. Pae may be congratulated on his beautiful second concert of the season.

French Schools To Instruct Students On Czecho-Slovakia

(French Wireless through Reuter)
Paris, Oct. 13.—On the occasion of the visit of the Czecho-Slovak President to France, the Government has decided to call the attention of the youth of France to the history of the Czecho-Slovak Republic and the work of its President, M. Leon Gerard, the Minister of Public Instruction has invited professors of history in scholastic establishments and school-masters to give instruction to their pupils during the stay in France of President Masaryk, on the country which he so worthily represents and which is attached to France by so many bonds of friendship.

The Minister of Public Instruction yesterday received a delegation of Polish students who came to thank him for the invitation given last year on the occasion of the visit of French students to Warsaw. The leader of the delegation assured M. Leon

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations. It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded. It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

Save the Babies

Infant mortality is something frightful. We can hardly realize, that of all the children born in civilized countries, twenty-two per cent., or nearly one quarter die before they reach one year, thirty seven per cent., or more than one-third, before they are five, and one half before they are fifteen! We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestion, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind keep Fletcher's Castoria in the house, and Save the Babies.

The Shanghai Portland Cement Works

"The perfection of art can only be attained by first perfecting the instruments therefor."—Sayings of Confucius.

EXTRACT FROM EXPERT REPORT:

"Having visited most of the cement factories of Great Britain, America and Europe, I am in a position to form an opinion of the relative merits and faults of each.....but my experiences lead me to the conclusion that 'pride of place' must unquestionably be given to the Holderbank Factory in Switzerland.....In design and construction it is a model without rival in any country." W. H. Brown, A. M. I. Mech. E., leading authority in England on cement manufacturing.

The Wisdom of the ancient Sage and the technical experiences of a modern authority on cement manufacturing have guided us to instal a set of machinery in our Lungwha Works which is an exact model of the one used by the Holderbank factory, Switzerland, and supplied by the original patentees with numerous latest improvements. The cement we are now supplying our customers is the product of that "perfect instrument."
